UPSHAW FURNITURE AND CARPET CO., ABILENE, KANSAS.

The Reflector.

THURSDAY, JUNE 15, 1893.

RECENT REFLECTIONS.

—A marriage license was granted Edwin R. Kohler, Bison, Kas., and Nellie Martin of Hope.

—T. E. Sewell of Abilene was in the government building that took a tumble last week. He was not injured.

—The citizens of Hiawatha have informed the Fort Riley excursion committee that they will fill one car from that place. There will be two cars from Chapman and one from Detroit.

—The new session laws have been received by County Clerk Nottorf and the fearful and wonderful partnership by which Populist footnotes have been added to the official roster of the legislature is condemned even by Peoples Partisans themselves.

—Rothchild's new location, the Hazlett room on Broadway is receiving extensive improvements. The windows are being lowered, the doors will be set back, new shelving, decorating etc. put in and altogether it will be a thing of beauty.

—The item in the Kansas City papers that the "Bank of Hope, Kas.," had paid off all depositors and would voluntarily cease business is misleading. It refers only to the first organization of the Hope bank. A few weeks ago it was changed to the Hope State Bank and of course the old organization was ended. The present Hope bank is one of the strongest and most prosperous financial institutions in the county and is one of which south Dickinson may well be proud.

—There has just been issued from the Reflector press the journal of the ninth annual convention of the W. R. C. of Kansas, compiled by Mrs. Ida W. Moore and Mrs. Alice M. Seeds, president and secretary during the past year. Its 152 pages contain a large amount of information regarding the work being done by this order in Kansas. It had in February 6834 members in this State. Over \$8,000 was expended in relief last year and 1965 members and families were assisted. Such figures as these mean a good deal and show what the W. R. C. is doing for the veterans and their families in this State.

Sudden Death at Hope.
Dr. I. N. Jennings, aged 69, a Mexican war veteran and for many years a resident of this county, died at his place adjoining Hope yesterday of heart disease, while milking.

T. K. White, the "Home" insurance agent, is at his office, 295 East Fifth street, every Saturday. Call and see him.

POSSIBLE CANDIDATES.

Peoples Party Patriots Who May Be Nominated.

The meeting of the Peoples Party county central committee held Saturday to receive nominations for candidates for the various county offices had returns from all the Alliances in the county. So many names were submitted that it was late when the committee adjourned. No particular secrecy is observed this year. All the names submitted will be sent back to each Alliance to vote upon, the two highest being sent in again. From these two the ones receiving the highest vote upon another referendum will be the nominee for the respective office.

Harvest Picnic Excursion.

It was announced in the Presbyterian and Methodist Sunday schools that the two schools will join to have a picnic at Salina about the last week in July, the exact date to be determined later when arrangements are completed with the Salina people to join them. This will be a harvest picnic, at a time well suited to all and will be in one of the most beautiful groves in Kansas. All the other schools of the town and county are invited to join them. It has been several years since Abilene's Sunday schools have visited Salina and the chief difficulty will be in securing cars enough to carry the hundreds who will want to go.

ANOTHER YEAR ENDED.

The County High School's Second Annual Commencement.

Special to THE REFLECTOR.
CHAPMAN, June 10.—Last night another class of young people of Dickinson county was graduated from the county high school and sent out to represent this valuable educational feature of the county.

Commencement exercises last night were attended by a throng which filled every foot of space in Assembly hall. A class of 21, whose names have already appeared in the Reflector, received diplomas and gave a most interesting and attractive program of orations and music. The crowd was so large that part of the people were accommodated in the church and the program was repeated there. Supt. Cook and Supt. Shirk made addresses to the class and there were many floral and other remembrances.

A feature of the program was "an alumni address" by J. B. Meserve of Abilene which was excellently composed and delivered.

Following the exercises was held an alumni meeting with a banquet, including toasts, etc.

Class day exercises were held yesterday afternoon and were very interesting.

One of the treats of the week was the lecture Thursday evening by Chas. Gleed of Topeka which was one of the ablest addresses ever heard here.

The school closes under most favorable auspices and with indications of larger attendance next year, by which time the improvements will be completed and sufficient room given for the school's use.

Children's Day Doings.

Yesterday was Children's day in the churches' calendar, a day devoted to special exercises conducted by the Sunday schools with offerings for special objects.

The Presbyterian church observed the day with Sunday school exercises last evening. Supt. G. F. Worley had drilled the school and it gave a most interesting and enjoyable program of songs, recitations, etc. The exercises were entitled "The Sabbath Day." Elaborate floral decorations turned the church into a bower of blossoms and the large audience enjoyed the evening greatly.

The Baptist church also had Children's day exercises and with flowers, music, recitations, dialogues, etc., observed the occasion prettily and appropriately. The Sunday school may well be proud of its program and the perfect manner in which it was carried out.

"Secure in the 'Home' get the best, it's the cheapest. T. K. White settles losses promptly.

Commissioners' Session.

County Commissioners Koepke, Patterson and Baker met in adjourned session as a board of equalization today.

The sum of \$1299 was added to the personal property valuation of D. Mayor, Sr., Holland.

A. Copenhaver's personal property valuation was raised \$133 on account of some mortgages.

Finley & Brewer's stock valuation was fixed at \$5,000.

Buy Your Tickets Now.

The management of the Fort Riley excursion continues to receive encouraging reports from all sides, giving promise of a larger attendance this year than at any previous time. While the committee in charge is trying to anticipate the crowd and endeavoring to arrange ample accommodations for all, the members would urge all who intend going to buy tickets now. If the public will do this a jam will be avoided.

Death at Talmage.

Mrs. Crista A. Reese, wife of John Reese, died Saturday at their home near Talmage. She was born in Hamilton county, Ohio, Nov. 29, 1855. In 1874 she was converted and joined the M. E. church of which she remained a faithful member until death. Seven children with the husband mourn her decease, while many friends extend heartfelt sympathy. The funeral sermon was preached from Rev. 14:13 by Rev. J. Trezise, of the Talmage M. E. church.

Kindergarten Class.

TO PARENTS: I desire to engage sixty children to form a primary department in our July normal institute; twenty of the ages of five or six that have never attended school, twenty in the first reader grade and twenty just ready for the second reader. The sessions will be held forenoon and our own Miss Johnson, who has no superior in Kansas and few equals as a primary teacher, has been engaged to conduct the classes. The tuition will be but \$1.00 for the month and your children will have the advantage of the most approved methods of instruction. Apply early, as but twenty of each grade can be used and those who apply first will have the preference. Already applications are coming in.
